Professional experience

7th December – 26th February 2013

University of Pavia - Politecnico di Torino (Italy) and Thyssenkrupp Encasa
Design engineer in the renovation project of the historic site of the 'University of Pavia Palazzo San Felice' in order to make it accessible to people with disabilities through barrier removal and sensory without altering the character and historic value of the site

Education and training

12th March 2014 -in progress	Thesis at University of California Berkeley, advisors Stephen Mahin (director of PEER) and Cimellaro Gianpaolo.
Name and type of organisation providing education and training	University of California Berkeley , PEER <i>Pacific Earthquake Engineering Research Center</i>
Principal subjects	Seismic performance of infrastructures considering inter-dependencies and human behaviour.
4th December – 7th December 2012	University of Pavia, Pavia (Italy)
Principal subjects/occupational skills covered	Workshop at the "Winter school in Accessibility with Thyssenkrupp Encasa" The "Winter School in Accessibility with ThyssenKrupp Encasa" wants to address the issue of accessibility and usability of one of the historical buildings (Palazzo San Felice- Middle Age). The aim is to offer solutions to remove architectural and sensorial barriers, respecting the conservation and the architectural building protection. The "Winter School" resumes the model adopted in recent years for international workshops of design, with activities developed from students with their professors and tutors. There are two initiatives linked with the "Winter School": the competition for the students attending the school and the travelling exhibition.
Name and type of organisation providing education and training	University of Pavia - Polytecnic of Turin (Italy) and Thyssenkrupp Encasa
September 2011 – in progress	
Title of qualification awarded	Construction Engineering – Master of Science
Principal subjects/occupational skills covered	Foundations/Structural Engineering, Relief and Urban Planning, Testing of materials, models and structures, Construction Site Technology, Technical Hydraulics, Building Thermophysics, Urban Design, Feasibility and Economics Assessment of Projects, Static and Stability of Masonry Buildings, Numeric Cartography and GIS, Project Management and Building Process.
Name and type of organisation providing education and training	<i>Polytechnic of Torino</i>
September 2007 – October 2011	
Title of qualification awarded	Construction Engineering – Bachelor Degree
Bachelor Degree Thesis	Marks: 105/110 – Title: <i>"New standards UNI and its impact between urban planning and building."</i> Academic Advisors: Ing.Paolo Piantanida, Ing. Vincenzo Corrado
Name and type of organisation providing education and training	<i>Polytechnic of Torino</i>
Level in national or international classification	Polytechnic University
September 2002 – July 2007	
Title of qualification awarded	Surveyor High School Diploma
Name and type of organisation providing education and training	<i>Liceo scientifico "Galileo Galilei", Modica.</i>

Social skills and competences - team spirit gained from the work at the winner project "A Design in every sense" for "Winter school in Accessibility with Thyssenkrupp Encasa".
- good ability to adapt to multicultural environments, gained through my university experience;
- good communication skills
- good leader ability gained in the work of the winner project "A Design in every sense" for "Winter school in Accessibility with Thyssenkrupp Encasa".

Organisational skills and competences - sense of organization;
- good experience in project or team management, gained through university team workshops assigned during ordinary lessons and professional experiences.

Computer skills and competences - excellent command of Microsoft Office™ tools (Word™, Excel™ and PowerPoint™, Access™);
- advanced knowledge of parametric softwares for architectural design applications (AutoCAD™, ArchiCAD™, Autodesk Revit™)
- advanced knowledge of graphic design (Adobe Photoshop™)
- advanced knowledge of website design (Dreamweaver CS™)
- advanced knowledge of software for geographic information system (GIS), for working with maps and geographic information (ArcGIS™)
- operative systems: Windows , Android

Other skills and competences - *advanced knowledge and practical applications of musical theory* (third place in European competition for piano)
- freehand drawing, I like to paint with acrylics, colored pencils, charcoal, tempera on canvas paper and wood (my mother is a teacher at the art school), my favorite painters are Leonardo Da Vinci, Van Gogh, Claude Monet and Pollock.
- costume jewelry (channel on youtube with tutorials on how to create the jewelry);
- I love reading, my favorite writers are Isabel Allende and Torey L. Hayden, but my favorite book is The Old Man and the Sea by Ernest Hemingway.
- I like watching movies, my favorite Italian director is Roberto Benigni and I also like Martin Scorsese
- I like the cartoons of Walt Disney because they help to develop the "imagination and think out of the box"
- practiced sports: swimming, ballet and modern dance, football 5 female, boxing.
